These Terms of Service define the general framework applicable to Internet users and Advisors, subject to the special conditions applicable to the Advisor and Internet user

The use of the sites www.thecircle.com and advisors.thecircle.com is subject to Terms of Service.

By signing the offer presented on the website www.thecircle.com, the Internet user and the Advisor declare that they accept all the Terms of Service, without any reservations.

Consequently, the signing and/or validation of the online registration screens implies acceptance by the user and the Advisor of these general and special conditions.

Each connection to the service is subject to compliance with these general and special conditions, both of which can be downloaded by the Internet user and the Advisor from the site www.thecircle.com

TheCircle reserves the right to assign and/or transfer to a company of its choice all or part of the rights and obligations arising from this relationship between Advisors/Internet users and TheCircle.

4 - Purpose and characteristics of the “Service”

TheCircle consists of a portal that offers Internet users and Advisors the right to use the Platform in order to carry out the exchange of services between the Internet user and the Advisor.

Services are made available by the Advisors through TheCircle platform: telephone consultations and chats with a per-minute tariff.

The User can contact the Advisors who carry out the services they choose on the site.

The User hereby agrees to perform the entire service through the TheCircle platform which purchases the aforementioned service from the Advisor and resells it to the User.

TheCircle provides the Internet user and the Provider with a personal and non-transferable license to use the Platform, as well as a support service.

The role of the adviqo UK Limited is that of a technical intermediary aimed at making the THECIRCLE platform available, allowing users to access the services of the providers and for the latter to provide their services.

THECIRCLE is not a contractual party to the conclusion and execution of the Transaction which occurs exclusively between the Internet user and the Provider and, with respect to which, TheCircle is completely extraneous.

THECIRCLE is therefore not responsible for the conclusion and execution of the Transaction between the Internet user and the Provider, who acknowledge that THECIRCLE autonomously and independently exclusively provides a support service and granting of use of the Platform without intervening in the

negotiations aimed at concluding the transaction.

The adviqo UK Limited does not exercise any control nor can it be called to answer with regard to the quality, price, nature, reliability and accuracy of the service provided by the Advisor who therefore answers directly to the Internet user.

The Internet user may, however, report any difficulty, low quality or other problem related to the information communicated by the Advisor to the adviqo UK Limited.

Internet user and Provider acknowledge that the obligations assumed by TheCircle pursuant to this Contract constitute obligations of means and not of result and that the conclusion of the Transaction through the TheCircle Platform commits the Internet user and the Provider to pay the amount due to TheCircle for the service it provides.

5 – Registration on the site and access to the service

The Internet user and the provider acknowledge that they have the power, authority and ability necessary to enter into and perform the obligations arising from this Agreement.

A necessary condition for using the Platform is registration on the site owned by THECIRCLE.

To this end, the Internet user must log in to the site www.TheCircle.com and the Advisor to the site advisors.thecircle.com, via their telecommunications tools and terminals, such as (by way of example but not limited to): computers, smartphones, iPads, etc.

For this purpose, the Internet user and the Provider must have internet access and a set of materials and software necessary for internet browsing.

The Internet user and the provider acknowledge that they have the power, authority and ability necessary to enter into and perform the obligations arising from this Agreement.

As part of its contacting activity, the adviqo UK Limited operates as an electronic telecommunications operator which offers the Internet user and the software provider access to the THECIRCLE platform. This access takes place via software that interacts with telecommunications tools integrating internet communication.

All the information that allows the Internet user and the provider to access the Service and their TheCircle account is personal and confidential. The Provider is solely responsible for their custody and will have to answer for the use and conduct of anyone who accesses their Personal Profile, even without their knowledge. Each Transaction, associated with the Provider through its Access Codes, will be taken into account on the Platform and will commit the Provider to answer for it. The Internet user and the provider undertake to keep their access data secret and not divulge them.

The Provider undertakes to immediately change their Access Codes if they believe that the security of them has been compromised or if an unauthorised person has or may have had access, actual or potential, to their Access Codes. The Provider must also immediately inform THECIRCLE Client Services, which - following notification and as a precautionary measure - will suspend access to the Service using the codes in question.

THECIRCLE reserves the right to ask the Provider to amend all and/or part of the Access Codes, where this is necessary or appropriate for regulatory, technical or security reasons, without the Provider being able to object and/or claim any indemnity.

The adviqo UK Limited is not responsible for the quality of the Internet user's telephone line, which is ensured by the telephone operator with which the user has signed the supply contract. The adviqo UK Limited's software is provided on the basis of the public Internet network and according to the IP protocol, it being understood that the adviqo UK Limited grants the Internet user and the Advisor the right to use the software made available on an individual, exclusive and non-transferable basis.

The right of use begins as soon as the Internet user enters the interface of the site www.TheCircle.com and the Provider enters the interface of the site advisors.thecircle.com. General access takes place on the site www.TheCircle.com.

The Provider and the Internet user are solely responsible for direct or indirect, material or immaterial damages they may suffer from using the Tools, such as (by way of example) damage arising:

- From the use by third parties of their Access Codes and from the communication of information made available, unless it is ascertained and proven that such access or communication is due to a technical defect attributable exclusively to THECIRCLE;
- From the use that the Internet user and/or the Provider make of their broadband Internet connection;
- From the use of data and information that the Provider/Internet user has communicated on the Internet;

The Provider/Internet user acknowledges that the use of non-compliant materials, in particular the use of "pirate cards" which allow access to tools other than those provided by THECIRCLE, may constitute a punishable offence.

THECIRCLE saves and stores the IP addresses of each action performed by the Provider/Internet user for administrative purposes of the Platform and to solve/remedy any possible abuse carried out starting from a Personal Profile. The processing of IP addresses is essential for the operation of the Platform and for making its Tools available.

THECIRCLE may use cookies and/or invisible GIF files to obtain information on Providers/users, to improve the performance and functionality of the Platform and that of certain Tools.

If the Provider/Internet user wishes to object to the recovery of Personal Data through cookies, they can deactivate the cookies from their browser. However, this operation may decrease the performance and functionality of the Platform and the Tools.

For the purposes of valid registration, the Provider must first communicate to TheCircle, truthfully and correctly, their data and any information deemed useful or necessary by TheCircle for their exact identification, including declarations made to the tax and/or social security authorities, in accordance with legal obligations.

The provider acknowledges and accepts that, in order to be able to provide services on the THECIRCLE platform, as on any website, they are required to comply with the reporting obligations with the competent authorities (e.g. tax, administrative and/or social security bodies, etc.).

Depending on the Provider's type of professional and income, the Provider undertakes to also accurately communicate, in addition to personal data (name/company name, tax code, VAT number, address, etc.), their tax regime and to declare under their own responsibility being compliant with the payment of taxes, duties and contributions, to be understood as a necessary condition to be able to access and use the services offered on the THECIRCLE platform.

The provider, in their capacity as an entrepreneur and/or freelancer, is required to fulfil the specific obligations imposed by the exercise of their activity.

The Provider undertakes to provide the adviqo UK Limited with the set of authorisations, rights, licenses and/or authorisations issued by the competent authorities for the legitimate exercise of its activity/profession, such as, by way of example:

- Chamber of Commerce registration and certificate of registration with the Chamber of Commerce or other document proving registration in the category register, with a date of issue no earlier than three months.
- In the case of a regulated profession: diplomas, reference to the professional standards and any applicable codes of conduct and how to consult them, the professional title and the Member State in which it was issued and the name of the professional body or similar institution with which they are registered and their registration number.
- In the case of an activity regulated by licenses and/or authorisations, the valid license or authorisation.
- Each Provider must provide a copy of a suitable valid identity document (identity card or passport) and tax code and/or VAT number.
- The provider undertakes to communicate under their own responsibility the tax regime they belong to, as well as to promptly communicate any change in the identification data or in the income regime adopted.

Any Advisor who does not provide all the elements and documents mentioned above in a complete and truthful way or who does not promptly communicate any change in the identification data or in the income regime adopted, will be refused access to the service.

The adviqo UK Limited reserves the right to select providers and limit their number according to user demand, platform performance and technical needs in line with platform administration.

Furthermore, the adviqo UK Limited reserves the right to refuse access to an Advisor or to prevent access to the service, if the Advisor does not comply with the conditions required by THECIRCLE and/or does not meet the ethics and characteristics of the THECIRCLE service.

The adviqo UK Limited reserves the right to moderate the reviews, at its discretion to ensure respect for good morals and ethics, and the Advisors have no right to claim. The adviqo UK Limited also reserves the right to suppress false reviews, i.e. positive reviews posted by the Advisor on their profile or negative reviews posted for other Advisors on the platform with the sole aim of harming the image and reputation of the service or of the Advisors.

6 – Method of distributing sums collected by TheCircle

The adviqo UK Limited collects turnover by charging the client a flat tariff for the digital services in pounds or a per-minute tariff determined by the Advisor. Payment can be made by credit/debit cards, PayPal.

It is called the net price of the service excluding taxes (hereinafter PNPIE), the amount corresponding to the number of full minutes of the consultation for the Advisor's tariff excluding:

- VAT
- Any other taxes on turnover

For telephone and chat consultations, the PNPIE is zero for consultations of less than 60 seconds.

The PNPIE will be divided between TheCircle and the Advisor for the remuneration of the contributions on the technical and marketing level of the Platform and the services provided by the Providers.

The Advisor's counterpart (CA) will therefore be calculated according to the following method:

CA = PNPIE X rate of the category - provision for insolvency

Where:

- The category rate indicates the percentage indicated in article 8 hereof.
- Insolvency fund means the fund indicated in article 9 hereof.

In order to receive their share of the PNPIE, each Advisor is required to issue an invoice following the example of the *pro forma* invoice made available by TheCircle within 24 hours of requesting commission.

The Advisor, by accepting these conditions, assumes total and complete responsibility for the issuance of an invoice containing exact, exhaustive and compliant information with the law and regulations in force at the time of issue.

In particular, the Advisor, by accepting these, irrevocably undertakes to demonstrate at all times to TheCircle and/or the tax administration the correct application of any taxes or duties.

TheCircle will be responsible for collecting any withholding tax that will be due upon payment of the remuneration for the service under The UK tax law and any other international tax convention in force.

Unless otherwise agreed between the parties, the remuneration for the service actually paid by TheCircle will be deducted from the amount of the withholding tax.

Until the effective date of these conditions, TheCircle invoiced the Advisors on their behalf and in their name, by way of a tacit invoicing Mandate.

By accepting these general conditions, the Advisors registered on the TheCircle platform prior to the entry into force of these general conditions, renounce the invoicing mandate by immediately terminating it, and TheCircle accepts, without any reservations, the end of the mandate.

TheCircle will allow the Advisors registered on the platform before the entry into force of these general conditions to access all the invoices issued and filed in their name and on their behalf by way of mandate.

Starting from the date of entry into force of these general conditions, when first logging in to the space reserved for the payment request, the Advisors will be asked to choose between two distinct invoicing methods:

- Use of own technical and administrative means to issue invoices whose amount must be equal to that of the *pro forma* invoices made available by TheCircle
- Use of billing tools made available by TheCircle

The Advisors expressly acknowledge that the use of the billing tools made available by TheCircle in no case constitutes the practical manifestation of a tacit or implied invoicing mandate.

The Advisors acknowledge that they are solely responsible for the legal notices appearing on the invoices regardless of whether the latter are issued under one or other of the invoicing methods described above.

7 - Tariff

Before concluding a transaction, the Provider informs the Internet user about the methods for calculating the price according to the tariff conditions freely established by the provider, in compliance with the minimum threshold of £1.5 and the maximum threshold of £5 per minute.

The price of the transaction will depend on the methods chosen by the provider for their pricing terms (price per minute) which will be indicated by the Provider to the Internet user.

TheCircle reserves the right to unilaterally amend, with a minimum notice of 12 hours, the Advisor's tariff, in the price range between £0.99 and £5 per minute and for a maximum consecutive duration of 30 days, for the purpose - not exclusive - of organising promotional days for all platform users.

For this purpose, the adviqo UK Limited makes top-ups of £35, £50 or £100 available to the Internet user, which allow the Internet user to connect and pay for the consultations they have received. The adviqo UK Limited reserves the right to offer the client top-ups of different amounts and in particular a top-up of £20 for the first purchase on TheCircle.

The adviqo UK Limited reserves the right to offer the Internet user a pay-per-use payment by credit card for the exact value of the consultation.

All clients benefit from a promotional tariff of £0.99/minute on the welcome bonus for the first free consultation and on the credit of their first top-up or for the first paid consultation carried out in pay-per-use in the absence of prior credit purchase by means of a top-up.

8 - Calculation of the value of the commission rate due to THECIRCLE

THECIRCLE is entitled to commission rate equal to 75% for telephone and chat consultation, as a fee for the THECIRCLE "Service" consisting of assistance and commissioning services contact provided through the TheCircle technology platform.

Consequently, this commission will be due to THECIRCLE for each transaction that the provider and Internet user have concluded.

The adviqo UK Limited reserves the right to amend the value of the commission, by giving written notice to the provider via email or by post with a notice of seven (7) days before the entry into force of the amendment, without prejudice to the right for the Provider to communicate within the same term their intention not to accept them and/or to withdraw from the Contract.

The Advisor who proves that they have invited one or more new Internet users to the site, who have used the Services offered on the TheCircle platform, will be entitled to a *lump sum* of a bonus equal to 10% of the expense paid by that client following a telephone and chat consultation and regardless of the payment method. The bonus will be deducted from TheCircle's commission.

9 - Repayment obligations and Insolvency Fund and Chargeback Insurance

With a view to sharing risks in the event of insolvency by the Internet user or in the event of fraud, it is envisaged that, if the value of the Provider's service exceeds the amount of £2.99, a deduction of £0.5, including VAT, will be applied by TheCircle to the amount to be invoiced on behalf of the Provider in order to establish a "guarantee" fund and avoid requests for reimbursement by TheCircle to the Provider.

10 – Payments

The Advisor has the option of being paid weekly every Tuesday unless the value of the transaction, after deducting the value of the commission due to THECIRCLE for the amount indicated above, is equal to at

least £50 gross.

For payments, requests must be made done from Friday 12:00pm of the previous week and Monday by 11:59am at the latest.

No commission will be paid to the Advisor if the connection did not take place due to *force majeure* or technical issues, if the communication was less than a minute or if it concerns telephone answering machines.

The provider will be informed of the payment of a transaction, the history of transactions already paid or those disputed and/or cancelled via their personal account.

It is understood that no Transaction is considered to have taken place and therefore no fee accrued for the Advisor, if the communication with the Internet user has been less than a minute and a half or in the presence of answering machines or in the event of connection failure for technical reasons or due to *force majeure*.

Commission is paid by bank transfer or paypal

In the event of a failed bank or paypal transfer on the normal payment date for reasons not attributable to TheCircle, the transfer can be made again before the next payment date with an additional fee for the Advisor, deducted from their commission, of £25

11 – Maintenance

The adviqo UK Limited reserves the possibility, in the event of technical problems that cannot be resolved otherwise, of partially or completely suspending the Service to provide for the maintenance of its physical components and its software.

The adviqo UK Limited's technical support will inform the Advisors of any discontinuation or major changes made to the Platform. This is only an obligation of means, the adviqo UK Limited cannot in any way guarantee the timing for the resumption of service.

12 – Technical support

To answer the Internet user's and/or the Advisor's technical questions and help them solve any malfunctions related to the use of software used by the adviqo UK Limited, the latter provides a support service which the Internet user and the Provider can contact to report any problems, by contacting the following numbers:

- Telephone: 0808 168 6337 or non-UK +44 203 835 5700
- Postal address: adviqo UK limited, TheCircle, 117 Waterhouse Business Park, Chelmsford, CM1 2QE, United Kingdom.
- Email address: contact@thecircle.com

The adviqo UK Limited will provide technical support on working days, from Monday to Friday, from 9:00 a.m. to 5pm., it being understood that the adviqo UK limited is bound by an obligation of means and not of result.

13 - Obligations and limits of liability of the adviqo UK Limited

The adviqo UK Limited assumes the obligations relating to its role as an electronic telecommunication operator via the THECIRCLE platform. THECIRCLE therefore has no control over the correctness and truthfulness of the information and advice provided by the Internet user and the provider respectively.

THECIRCLE undertakes to do everything possible to make the Tools accessible without interruption, except for any technical problems or maintenance operations necessary for their operation and except for cases of *force majeure* or events beyond THECIRCLE's control.

THECIRCLE assumes no obligations other than those relating to its role as an electronic telecommunications operator. THECIRCLE cannot provide guarantees as to the availability or performance of the Platform and cannot be held responsible for any loss of revenue, loss of opportunity or business volume of the Provider/Internet user.

The adviqo UK Limited cannot provide guarantees on the availability or performance of the platform and cannot be held liable for any damage, even indirect, to the Internet user and the Provider (including any loss of turnover or opportunity or lost earnings, loss of data, damage to the image, requests for compensation and/or claims by third parties) where there is a cause of *force majeure* or in the event of maintenance of the Service.

The Internet user and the provider formally acknowledge and accept that the adviqo UK Limited cannot be held directly or indirectly responsible for foreseeable or unforeseeable, direct and/or indirect damage suffered by the Internet user and/or the provider, in the following cases:

- Interruption of the Service, independent of the will of the adviqo UK Limited and/or due to negligent or wilful behaviour of the provider and/or Internet user;
- Incident or service interaction caused by an incident, other network problem, malfunction and/or inadequacy of the material tools and/or software and infrastructure of the adviqo UK Limited or the tools of the contractors of the adviqo UK Limited whatever the cause. - Content of a child pornography nature or which glorifies crimes against humanity, incites racial hatred and violence and/or which harms human dignity;

- Fraudulent use by third parties of the Personal Profile of the Provider/Internet user and the damage caused by this;
- Damage caused directly or indirectly by the use of the Tools, such as: loss of turnover, profits, programs or information, except in the case of a technical error attributable to THECIRCLE.

The provider and the Internet user are solely responsible for damages, material or immaterial damage caused to the adviqo UK Limited due to bad or inadequate use of the Service. As the case may be, they undertake to guarantee, pay and indemnify the adviqo UK Limited against actions, demands, complaints and/or awards for damages and interest to which THECIRCLE may be exposed or be the subject of and/or may be pronounced against THECIRCLE since they may have their cause, basis or origin in the bad or inadequate use by the

Internet user and/or the Advisor and/or third parties of the Service and/or the Transaction.

The Internet user and the provider acknowledge that the services subscribed via the platform, via the site *TheCircle.com* for the Internet user and through *Advisors.thecircle.com* for the provider, shall take place under their control and responsibility.

Consequently, the adviqo UK Limited will not be in any way responsible for the use and content of the information disseminated and consulted by the Internet user and the provider.

The Internet user and/or provider are solely responsible for direct or indirect, material or immaterial damages and prejudices caused by the content of the information disseminated via the Service itself.

Internet user and Provider each undertake on their own and without any bond of solidarity to indemnify and hold TheCircle harmless from any claim, complaint, legal action of any kind for damages suffered as a result of using the Platform and/or carrying out the Transaction for which the direct responsibility of the Internet user and/or provider is judicially ascertained.

The Internet user and the Provider also undertake to promptly inform the adviqo UK Limited by registered letter with acknowledgement of receipt and/or by email at the address: contact@thecircle.com of any complaints, legal action, observed infringements, complaints directly or indirectly related to the provision or use of the Service that may be brought by third parties.

Only the adviqo UK Limited, at its sole discretion in writing, will be able to fully or partially exempt the Internet user and the provider from their liability.

THECIRCLE assumes no obligations other than those relating to its role as an electronic telecommunications operator. THECIRCLE cannot provide guarantees as to the availability or performance of the Platform and cannot be held responsible for any loss of revenue, loss of opportunity or business volume of the Provider/Internet user.

Without prejudice to the provisions of the preceding paragraphs, THECIRCLE may in any case be called upon to compensate only direct and foreseeable damages, to be proven, within the limit of a value equal to £150 per Provider/Internet user. This limit does not apply in cases of wilful misconduct or gross negligence on the part of THECIRCLE, in the event of physical damage or if the Internet user is a consumer in respect of whom the laws protecting them have been broken.

THECIRCLE undertakes to do everything possible to make the Tools accessible without interruption, except for any technical problems or maintenance operations necessary for their operation and except for cases of *force majeure* or events beyond THECIRCLE's control.

THECIRCLE does not guarantee that the files downloadable from the Site or through the Tools do not contain viruses, worms, Trojan horses and any other element that could threaten or alter the tools of the Providers/users. It is the responsibility of the Provider/Internet user to take the necessary precautions to meet their needs relating to the accuracy of incoming and outgoing data and to use a system external to the Site to recover any lost data.

Should THECIRCLE be liable for damages generated by a problem relating to the Tools, it will be liable within the limit of a value equal to £150 per Provider/Internet user, except in cases of wilful misconduct or gross negligence by THECIRCLE, in the event of physical damage or if the Internet user is a consumer in respect of whom the legal provisions for their protection have been violated.

If the provider/user invites third parties, the provider/Internet user is solely responsible for the use of their personal data, TheCircle not being responsible for the contacts made by the Advisor/Internet user, whatever tool is used.

The Advisor undertakes to activate or mask the offers proposed on the platform according to their availability and not to accept orders that they cannot fulfil in the times and in the manner requested.

With the acceptance of the order by the Internet user, the Advisor undertakes to perform and deliver the service within the times agreed with the Internet user.

In the event that the Advisor should be absent from the platform, not activating offers for at least 2 months, or in the case of delays or non-fulfilments in the fulfilment of orders received from the Internet user, the Advisor will be held responsible and liable for penalties such as temporary or definitive suspension from the platform.

14 – Content of the provision

The provider, Advisor, must not suggest invalid, illegal or fraudulent conduct, acts or transactions, contrary to the laws and regulations in force.

The Provider must refrain from any conduct that could damage the image of THECIRCLE, other Advisors or third parties.

In the event of non-compliance, the adviqo UK Limited will have the right to refuse access to the Service and to terminate the contract, subject to compensation for damages.

15 – Promotional communications

In any promotional communication by any means of its performance, the Advisor is required:

- To avoid any possible confusion between one's own performance and the Service rendered by the adviqo UK Limited, an independent entity distinct from the Advisor;
- To provide the Internet user with clear and truthful communication that complies with the disclosure obligations established by law;
- To make the Internet user aware of their exact identity, specifying the content and price of the service and delivery, expressed in euros and gross of all taxes and contributions, whether for a lump sum or for the duration;
- Not to use images or contents of a violent or child pornography nature or harmful to the body or more generally to human dignity and/or contrary to decorum, morality, laws and regulations;
- Not to directly or indirectly advertise products prohibited by law such as, by way of example, but not limited to: alcoholic beverages, tobacco, drugs and services intended for minors;
- Not to advertise or promote the THECIRCLE site without the express written permission of the adviqo UK Limited.

The Advisor undertakes not to:

- Send repeated and unwanted requests to the Internet user,
- Give the Internet user the impression that they can win a prize by taking an action if there are no real prizes or significant benefits,
- Use automatic call or email sending systems to prospect clients without them having given prior authorisation and without indicating contact details to which the Internet user can go to stop these communications without additional costs;
- Use “voice spam” practices to induce the Internet user to call the service independently of their will or to log on to the platform repeatedly, after having ascertained improper or anomalous use by the Internet user.

16 - Conditions of the “10 minutes free” offer

With the “10 minutes free” offer, the Advisor has the opportunity to give away 10 minutes of 100% free consultation. The Advisor will not receive commission on these 10 call minutes.

- have not received other offers from the same Advisor in the previous 30 days

The Advisor can give the offer to a maximum of 3 paying clients per week.

The offer can only be used by the Internet user with the Advisor who sent it and is valid for 1 month. adviqo UK Limited reserves the right to change the content of these general conditions and special conditions at any time and to improve the technical characteristics of the software and tools of the TheCircle platform.

The Internet user and the Advisor will be informed of the changes with a notice of seven (7) days before the entry into force, unless the changes are dictated by mandatory rules or by provision of the Authorities, in which case the entry into force will be immediate.

The Internet user and the Advisor who connect to the THECIRCLE platform after the entry into force of these changes, unquestionably and automatically accept the aforementioned changes.

TheCircle reserves the right to close, at its total discretion, access to the Platform, provided that it informs the Advisors/Internet users immediately, as well as the right to interrupt, at its total discretion, the provision of services relating to a category of Services on the Platform without this decision implying the adviqo UK Limited 's liability in any capacity.

17 – Prohibited to publish and send photos and images

The Advisor is required not to take, record or send any image of minors and not to enter into communication with minors on the THECIRCLE platform for any reason or in any way, on pain of termination of the contract by law and subject to compensation for damages.
